

Program Summary

Discover the magic of the stage and the joy of creating live theatre with your family and friends through NBTi's Community Theatre Program! Participants of all ages are invited to join this program, which provides acting, singing, and dance training. Together with other community members, including family members, you will have the opportunity to create and perform in a production of Mary Poppins the Musical.

Synopsis

One of the most beloved Disney movies, Mary Poppins, comes to life on stage as a practically perfect musical. The story follows the troubled Banks family in England in 1910. When Mary Poppins, a magical nanny, arrives at their doorstep, she uses her unique abilities to teach the family members how to value each other once again. Along the way, Mary Poppins takes the children on magical adventures, imparting valuable lessons to Jane and Michael and to the grown-ups who learn that "anything can happen if you let it."

Note from Ashley, the Director: Hi! I have an accessible version of this production, allowing many actors of all ages and levels. Please note to support that mission; some songs have been arranged or cut entirely to move the plot forward. If you have any questions about the material, please contact the Director Ashley at ashleyk@northbaytheatrics.org
